New Items to the Agenda:	Name	Topic	Current Status/ Update/ Notes
TI Update: International and Climate Change and Resiliency	Barbara	TI Update	Barbara joined the meeting to provide an update on: SURF's Climate Change and Resilience Technical Initiative including
etimate enange and nestrency			Research Report
			Inaugural pilot project with the State of Massachusetts and EcoAdapt
			Other collaboration opportunities including ITRC, ASTM
			Fundraising Authority in the key States of NY, NJ, MA and CA
			International SuRF Network including December 5th conference call
			Proposed session at 2019 Aqua con Soil conference, Progress in Sustainable Land Management Worldwide
			<u></u>
			Update from Barbara: Working with John Simon and Remediation journal - should be published in next week or 2. Great milestone in the climate change and
			resiliency TI. 11 authors plus others that have reviewed.
			Cost of TI - tech members were pro bono, board approved approx. \$4k for intern to research, draft and do graphic designs on the report, Barbara did bulk of consolidation, \$2440 redirected to pilot for graphic support
			Marketing of report? once published post on website, remediation journal article, appendices - state programs - hoping to put on SURF website, will update flyer (made by Kathy A), couple national council on Science and Env - poster, International SURF - session at EU on
			sustainable land management includes SURF work, possibility at National adaptation forum, plus at our upcoming SURF meeting but
			welcome to other suggestions.
			Amherst 2019 another outreach opportunity, Paul - outreach via email 'as a follow-up'include those who expressed interest on cc list,
			focused outreach
			ITRC - present in spring in board, submit pilot for update but didn't get selected
			Other collaborations - ASTM on their climate resiliency plan
Membership Committee/ Club	Cathy/ Paul	+	Spring members meeting - could include this tonic  Action items from last call:
Express			Membership Committee call - Dec 6th 2 to 3 pm EST - let Cathy know if you want to be included in invite
			When bulk unless described and for the manually entered into slub appropriate and should have gone out welcoming them and
			When bulk upload occurred and/or we manually entered into club express, automatic email should have gone out welcoming them and providing a temporary password - Matt and Paul don't recall seeing that. Gerlinde to reach out to a few additional folks (i.e. Scott
			Hittenger, etc.) who were manually entered and see if they have the email/ login.
			To do: advertise that regulatory membership rate is \$0, was included in recent email sent out, include in next newsletter (with all the
			categories) with link to join, as well as Linkedin post - Cathy to do - send to Mike (for newsletter) to update current section
Board member terms	Jason	Options for board member terms moving forward	Action item from last call: Discussion on increasing term timeframe to 2 years for President, VP, and Secretary. Secretary and treasurer to
			be offset a year.
			Jason developed description for ballot question (for January 2019) and emailed to group 11/30, couple edits discussed, all to provide Jason
Elections	Gerlinde	Updated ballot question	with any edits/ comments in a week, Jason to update after soliciting any further input  Look into Club Express to see if there's a survey option to use for voting on the ballot, consider use of this for voting but not for
Liections	Gertinge	opuated battot question	ballot nominations - discuss in future
			Kathy developed draft schedule for election process, Kathy to reach out to Maile to update website to get nominations in
			Next board call - discuss open positions, suggestions for people to run - President, VP, Secretary, 3 At Large
			- Betsy Collins - Jacobs (Matt A suggested, possibly consider VP, At-Large), Cathy R considering secretary again, Kyle Waldron (Jason M suggested, said potentially interested). Matt considering President role.
SURF Meeting at Battelle	Matt	Yes or No? / Formal or Informal?	Yes, should do but have time to figure logistics/ plans
TI Table	Mike	Status of historical TIs?	Evaluate historical TIs with the hopes of providing a revised TI status table in the upcoming newsletter.
			Mike provided previous list - planning to reach out on status, do they need assistance, how can others get involved?

## **Climate Change TI**

1. Working closely with John Simon and Remediation Journal. Will be published in the next week or two. Effort began at SURF 31 and continues. 11 authors in addition to reviewers. Include in report protocol that builds on EPA approach...case studies. Input from UK, EU, Japan and China. Principles and protocols can assist site owners in building resiliency plans. Recommendations and examples are timely. Cost of TI = in kind costs that all TI members provided pro bono. Board approved intern for this TI and GSR database. (\$4,442). Student researched, drafted, and finalized report. And did some graphic design. And KOA. Unused funds of about \$2,400 to

What's the rollout plan for the paper? Once it's published, it is posted on SURF website as Remediation Journal article. Appendices as well that aren't in journal that will be on website. Update flyer. We've done presentations at different forums – National Council on Science and the Environmental, International SURF proposed a session at EU – Sustainable Land Management (really?), National Adaptation Forum, SURF meeting. SUGGEST TO MATT/GERLINDE THAT BARBARA PRESENT AT MEMBERSHIP MEETING. ALSO THAT COMMUNICATIONS COMMITTEE DO EMAIL OR SOMETHING. BARBARA MENTIONED Going to some of the sponsors in MA and talking about report and pilot. Paul and Barbara met with DTSC and Water Board. Focused outreach as timing allows. ITRC – support of Executive Director...could she be part of press release? Want to partner with national and international organizations – ASTM Site Resiliency Plan.

Pilot project with MA. Looking at MA leadership. Inaugural pilot project. BOT approved \$19K. Have the right people talking, but an ambitious plan for that amount of money. Supplement for how you deal with climate and extreme weather events. In process of doing statewide assessment, then supplementing with our recommendation. Building on what Tom Potter has done as well as people from BU. Reach out to SURF sponsors, two parties working with Bloomberg Foundation and Rockefeller Foundation to get more \$\$ to make

CL:AIRE – part of open session on sustainable land management at AquaSoil. SURF members put together abstract. Conference at end of May.

Principles and practices.
